Mr Ludwig Schwall  
Alpha Pump Australia Pty Ltd  
PO Box 158  
SUNSHINE VIC 3020

Mr Schwall,

The Industrial Supplies Office (Victoria) Limited is a free advisory service providing purchasers with details of Australian manufacturers or service providers able to replace items currently being imported.

Your company is registered on our data base as a potential supplier of such products or services.

To ensure our records are accurate we would appreciate you reviewing the enclosed printout of your company details and returning the updated information as soon as convenient.

The trend now is for purchasers to favour organisations with an accredited quality control system. Should you have received accreditation, details of the level and date of accreditation, or alternatively progress towards obtaining a QC system, would be helpful.

Please include any additional information you feel is necessary to provide a complete picture of your organisation's profile and capacity.

Thank you for your assistance.

Yours sincerely,

Roy Lilley,  
Executive Director,  
Industrial Supplies Office (Victoria) Limited.
